

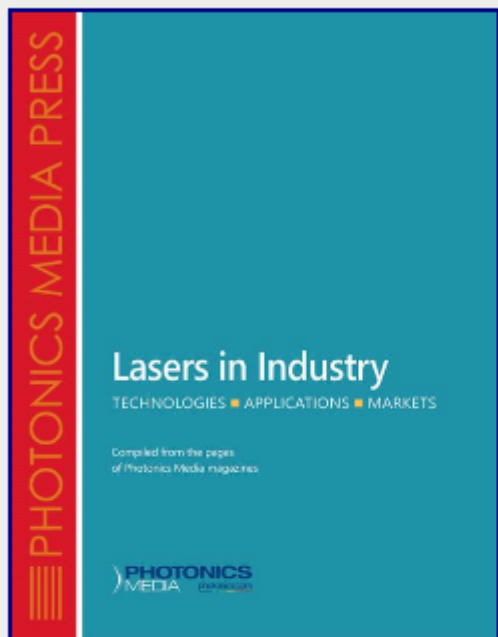

PHOTONICS MEDIA THE BOOKSTORE

ONLY A FEW DAYS LEFT! SPECIAL OFFER ENDS JULY 21ST!

Lasers in Industry

Lasers in Industry is a new book for anyone working on, implementing or considering the application of lasers for and in industrial settings for materials processing, quality control and production.

It also will serve as an introduction to industrial lasers for those completely new to the subject, and includes an expansive glossary of terms.

This 280-page compilation comprises 36 articles on a wide range of topics including materials processing, micromachining, laser additive manufacturing, surface treatment and analysis, and more.

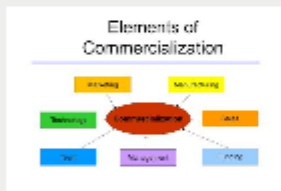

ACT NOW and SAVE! Order by July 21 and use Coupon Code [JULY2017](#) to save 15%.
